In my 27 years of practice, I have never had the pleasure of working with a broker as creative and diligent as Kevin Dahlke...Kevin is at the top in terms of being a pleasure to work with, and the results he achieves.

We wouldn't consider referring our clients to anyone else but to you...We are extremely fortunate to have a resource like you that we can turn to when our most valuable asset, our clients, need assistance.

When renewal time came Kevin was there to put my interests first...The result of all of Kevin's work: my commercial package insurance was reduced to 1/3 of what it was previously. My workers compensation insurance was reduced by 50%. perhaps even more important than the savings is that fact that I have someone in Kevin who will proactively help me manage risk in my business.

Mr. Dahlke has successfully resolved insurance issues for my business clients when I could not identify an appropriate solution...his experience has allowed him to identify every available option for a client and to assist the client in analyzing and then selecting the option that best achieved the client's needs and goals...I am extremely confident when I refer a client to Mr. Dahlke.
